

Huawei Phone p7 Loudspeaker Replacement

Written By: Sophia

TOOLS:

- [Heat Gun](#) (1)
- [Suction Handle](#) (1)
- [iFixit Opening Picks set of 6](#) (1)
- [Spudger](#) (1)
- [Phillips #000 Screwdriver](#) (1)

PARTS:

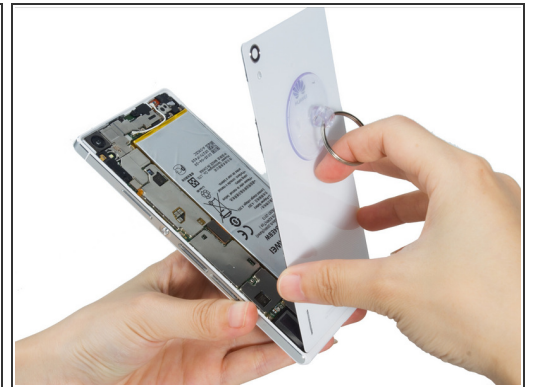

- [Huawei P7 loudspeaker assembly](#) (1)

Step 1 — Loudspeaker

- Remove SIM card trays.

Step 2

- Remove back cover.

Step 3

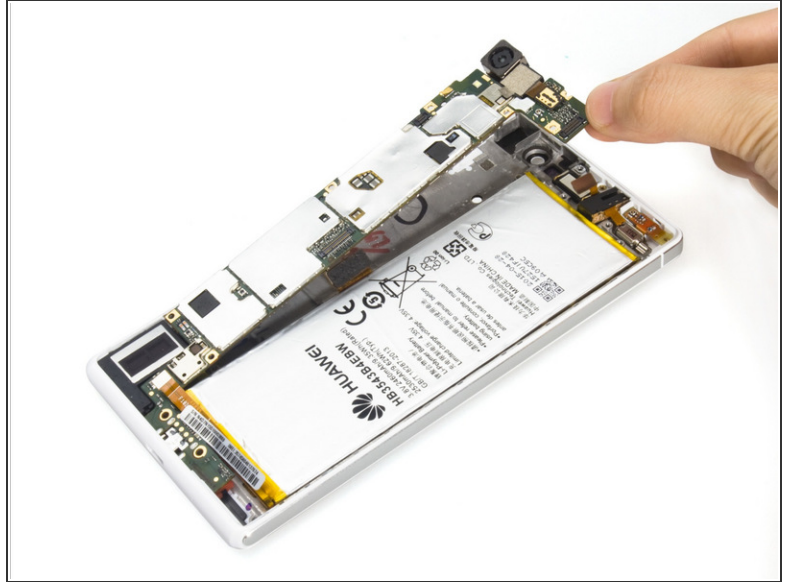

- Remove all the screws.

Step 4

- Remove 3 pieces of securing brackets.

Step 5

- Release flex connectors on the board and remove the motherboard.

Step 6

- Remove the loudspeaker assembly. It's not difficult, there is only a little adhesive underneath.

To reassemble your device, follow these instructions in reverse order.
